

CONSENT TO PULL CREDIT

By signing below, I, _____, authorize Serve Credit Union to obtain a Consumer Credit Report on me. A credit report inquiry from Serve Credit Union may result in a minimal impact on my credit score.

This authorization is valid for educational purposes during the member meeting. If the meeting leads to discussions of consumer lending, this report and score may be used for those purposes for the subsequent 90 days.

A message from Serve Credit Union:

A look at your credit score and report gives our Financial Responders and Coaches an opportunity to learn about you as a consumer and offer suggestions to build/repair credit, consolidate debts, and help you reach your goals. However, you are not required to consent. You may obtain your own credit report (with no score) from www.annualcreditreport.com to bring to the meeting.
